

***Outer North East Neighbourhood Watch
Association.***

Dear Resident

Following the last N H W meeting held at Mercure Hotel, Wetherby, we now have an Outer North East NHW Association. The Association will cover Wetherby out to Barwick in Elmet and Aberford along with areas Wetherby to Alwoodley.

We are now seeking nominations for Representatives from all these areas to form a Committee. Would you be interested in helping your Community in this way?

One of the aims of the Association is to keep you informed about new NHW activities within your area, especially crime updates to enable you to be more aware of what is happening around you and to be able to take precautions.

One way of circulating this information is to have several small Neighbourhood Watch Groups, with a Co ordinator, who would be willing to receive via email, regular crime updates for onward circulation to his or her group.

Would you be interested in assisting NHW? Maybe you are already a NHW Co ordinator. We would like to hear from you. This way we can have an up to dated NHW Co ordinator Register.

The intention is to hold a further meeting within the next few months to discuss in more detail the opportunities to be a member of this large UK wide Neighbourhood Watch Network.

Should you be interested please forward your name and contact details to me at the above address or via email at embeze@kalsom.co.uk.
